

MEDALLION 4.0:

1,510,327 Enrolled Members as of January 2022!

Medallion is a Medicaid managed care program providing comprehensive medical, behavioral, and substance use disorder health care services and prescription drugs to low income Virginians since the 1990s.

Medallion 4.0 serves pregnant women, infants, children (including foster care), parents/caretakers, and expansion adults across six statewide managed care plans:

Medallion MCO enrollment breakdown: 30.4% Anthem (459,613), 19.8% Virginia Premier (298,603), 19.5% Optima (294,151), 13.4% Aetna (201,882), 10.4% United (157,170), and 6.5% Molina (98,908)

The Medallion program MCO contracts are renewed annually, with rate setting by an actuarial firm.

MEDALLION 4.0
Growing Strong

Oversight and monitoring of the Medallion 4.0 program is conducted through Quality efforts (EQRO, HEDIS, NCQA), Value Based Purchasing initiatives, Enrollment Broker activities, and teams dedicated to Systems & Reporting, Managed Care Administration, Compliance, Policy & Research, Member & Provider Solutions, Dental, and Maternal & Child Health.

New Services to Medallion Program: Adult dental services, enhanced behavioral health services inclusive of crisis services, expanded tobacco cessation services, and a doula benefit that will go live in 2022!

Medallion members have the option to choose a health plan and find a provider by downloading the Medallion 4.0 app on their smartphone.
