## ***Townhall meeting on CCC***

If you receive full Medicare and Medicaid benefits, come learn about the benefits of a new program called Commonwealth Coordinated Care (CCC). CCC is designed to combine the same benefits under regular Medicare and Medicaid into one health plan with one insurance card. CCC also offers extra benefits not currently available through regular Medicare and Medicaid! Come learn more about this program and how it may benefit you or your loved ones and speak directly with each of the three health plans about what they can offer you under CCC.
