## **PEER SUPPORT SERVICES AND FAMILY SUPPORT PARTNERS**

### **PURPOSE**

The purpose of this supplement is to define the program requirements for Peer Support and Family Support Partner Services.

The provision of Peer Support Services facilitates Recovery from both serious mental health conditions and substance use disorders. Recovery is a process in which people are able to live, work, learn and fully participate in their communities. Peer Support Services are delivered by trained and certified peers who have been successful in the recovery process and can extend the reach of treatment beyond the clinical setting into an individual's community and natural environment to support and assist an individual with staying engaged in the recovery process. Peer support services are an evidence-based model of care which consists of a qualified peer support provider who assists individuals with their recovery. The experiences of peer support providers, as consumers of mental health and substance use services, can be an important component in the delivery of a comprehensive mental health and substance use service delivery system.

Effective July 1, 2017, the Department of Medical Assistance Services (DMAS) will expand the Medicaid benefit to allow for credentialing and reimbursement of Peer Support and Family Support Partner Services. This is in response to a legislative mandate to implement Peer Support Services to eligible children and adults who have mental health conditions and/or substance use disorders. Peer Support Services shall target individuals 21 years or older with mental health or substance use disorders or co-occurring mental health and substance use disorders. A Peer Support Service called Family Support Partners may be provided to eligible individuals under the age of 21 who have a mental health or substance use disorder or co-occurring mental health and substance use disorders which are the focus of the support with their families or caregivers.

Peer Support Services and Family Support Partner Services shall be an added service under Mental Health (MH) service settings for individuals with mental health disorders and under the Addiction and Recovery Treatment Services (ARTS) settings for individuals with substance use disorders and co-occurring substance use and mental health disorders.

\*\*GAP members are not eligible for Family Support Partners as only available to individuals under age 21.

## BACKGROUND/DISCUSSION

The Commonwealth has compelling reasons to provide Medicaid coverage for the provision of Peer Support Services to adults and to the caregivers of youth. The Commonwealth is currently experiencing a crisis of substance use of overwhelming proportions. Peer Supports Services are a necessary component for a comprehensive, person-centered and recovery focused program for the treatment of addiction and mental health conditions and is supported by the Governor's bipartisan Task Force on Prescription Drug and Heroin Addiction. In a letter to State Medicaid Directors, dated August 15, 2007, the Centers for Medicare & Medicaid Services (CMS) stated that they recognize "... the mental health field has seen a big shift in the paradigm of care over the last few years." CMS further states that "...now, more than ever, there is great emphasis on recovery from even the most serious mental illnesses when persons have access in their communities to treatment and supports that are tailored to their needs. CMS recognizes that the experiences of peer support providers, as consumers of mental health and substance use services, can be an important component in a State's delivery of effective treatment. CMS is reaffirming its commitment to State flexibility, increased innovation, consumer choice, self-direction, recovery, and consumer protection through approval of these services."

Beyond health care risk, the economic costs associated with mental health conditions and substance use disorders are significant. States and the federal government spend billions of tax dollars every year on the collateral impact associated with substance use disorders and mental illness, including criminal justice, public assistance and lost productivity costs.

To address the emphasis on recovery from mental health conditions and substance use disorders and the recommendations from CMS, individuals 21 years or older and families or caregivers of youth 21 and under who participate in Medicaid, FAMIS (Family Access to Medical Insurance Security Plan) and the Governors Access Plan (GAP) are eligible to receive Peer Support Services.

## **PROVIDER PARTICIPATION AND SETTING REQUIREMENTS**

### **Provider Participation**

A Peer Recovery Specialist “PRS” is a self-identified person with lived experience with a mental health condition and/or substance use disorder who is in successful and ongoing recovery from mental health and/or substance use disorders. Peer support providers shall be sufficiently trained and certified to deliver services and meet the definition of a Peer Recovery Specialist “PRS” as defined in 12VAC30-130-5160 in order to render Peer Support Services and Family Support Partners. Peer Support Services and Family Support Partners shall be rendered by an individual who meets the definition of PRS. Supervision and care coordination are required components of peer support services.

Effective July 1, 2017 a PRS shall have the qualifications, education, and experience established by DBHDS and show certification in good standing by U.S. Department of Veteran’s Affairs, NAADAC, a member board of the International Certification, and Reciprocity Consortium (IC&RC), or any other certifying body or state certification with standards comparable to or higher than those specified by the DBHDS. If the criteria above has been met, the PRS will be eligible to register with the Board of Counseling at the Department of Health Professions (§54.1-3503) on or after July 1, 2018.

### **Recommendation for Services**

#### **ARTS and MH Peers**

Peer Support Services and Family Support Partner Services shall be rendered following a documented recommendation for service by a practitioner who is a Licensed Mental Health Professional (LMHP), LMHP-R, LMHP-RP, LMHP-S, or a practitioner who meets (i)-(xii) in the definition of “Credentialed Addiction Treatment Professional” found in 12VAC30-130-5020, and who is acting within their scope of practice under state law. A certified substance abuse counselor (CSAC), as defined in §54.1-3507.1, may also provide a documented recommendation for service if they are acting under the supervision or direction of a licensed substance use treatment practitioner or licensed mental health professional. This practitioner shall be an enrolled/credentialed provider or working in an agency or facility enrolled/credentialed as a mental health or ARTS provider. The recommendation shall verify that the individual meets the medical necessity criteria for service. The PRS will perform peer services under the oversight and clinical direction of the practitioner making the recommendation for services. The recommendation shall be valid for no longer than 30 calendar days.

the provider may bill for a maximum of two telephone contacts in that specified month, not to exceed 2 units. After two consecutive months of unsuccessful attempts to make face-to-face contact, discharge shall occur.

- Peer Support Services or Family Support Partners may operate in the same building as other day services; however, there must be a distinct separation between services in staffing, program description, and physical space. Peer Support Services shall be an ancillary service and shall not impede, interrupt, or interfere with the provision of the primary service setting.

### **Strategies and Activities in Peer Support Services and Family Support Partners**

Specific strategies and activities shall be rendered and fully align with the Recovery, Resiliency, and Wellness Plan. Strategies and activities shall include at a minimum:

- 1) Person centered, strength based planning to promote the development of self-advocacy skills;
- 2) Empowering the individual to take a proactive role in the development and updating of their Recovery, Resiliency, and Wellness Plan;
- 3) Crisis support; and
- 4) Assisting in the use of positive self-management techniques, problem-solving skills, coping mechanisms, symptom management, and communication strategies identified in the Recovery Resiliency and Wellness Plan so that the individual:
  - i) Remains in the least restrictive setting;
  - ii) Achieves their goals and objectives identified in the Recovery Resiliency and Wellness Plan;
  - iii) Self-advocates for quality physical and behavioral health services; and
  - iv) Has access to strength-based behavioral health services, social services, educational services and other supports and resources.

### **MEDICAL NECESSITY**

#### **ARTS PEERS**

#### **Medical Necessity Criteria (MNC) for ARTS Peer Support Services**

In order to receive Peer Support Services, individuals 21 years or older shall meet the following requirements:

- 1) Require recovery oriented assistance and support for the acquisition of skills needed to engage in and maintain recovery; for the development of self-advocacy

Manual Title Peer Services Supplement	Chapter	Page 18
Chapter Subject Peer Support Services and Family Support Partners	Page Revision Date July 1, 2017	

skills to achieve a higher level of community tenure while decreasing dependency on formalized treatment systems; and to increase responsibilities, wellness potential, and shared accountability for the individual’s own recovery; and

2) Have a documented substance use disorder or co-occurring mental health and substance use and disorder diagnosis.

3) Demonstrate moderate to severe functional impairment because of the diagnosis that interferes with or limits performance (relative to the person’s ethnic or cultural environment) in at least one of the following domains: educational (e.g., obtaining a high school or college degree); social (e.g., developing a social support system); vocational (e.g., obtaining part-time or full-time employment); self-maintenance (e.g., managing symptoms, understanding his or her illness, living more independently).

**Medical Necessity Criteria (MNC) for ARTS Family Support Partners**

Caregivers of youth under age 21 who qualify for Family Support Partners (i) have a youth with a substance use disorder or co-occurring mental health and substance use disorder, who requires recovery assistance, and (ii) meets two or more of the following:

1. Individual and his caregiver need peer-based recovery oriented services for the maintenance of wellness and acquisition of skills needed to support the youth;
2. Individual and his caregiver need assistance to develop self-advocacy skills to assist the youth in achieving self-management of the youth’s health status;
3. Individual and his caregiver need assistance and support to prepare the youth for a successful work/school experience; or
4. Individual and his caregiver need assistance to help the youth and caregiver assume responsibility for recovery.

Individuals 18-20 years old who meet the MNC criteria for ARTS Peer Support Services stated above, who would benefit from receiving peer supports directly, and who choose to receive ARTS Peer Support Services directly instead of through ARTS Family Support Partners shall be permitted to receive ARTS Peer Support Services by an appropriate PRS.

Chapter Subject Peer Support Services and Family Support Partners	Page Revision Date July 1, 2017	

receive MH Peer Support Services directly instead of through MH Family Support Partners shall be permitted to receive MH Peer Support Services by an appropriate PRS.

**Continued Stay Criteria for ARTS and MH Peer Support Services and Family Support Partners**

To qualify for continued peer support services and family support partners, MNC criteria shall continue to be met, progress notes shall document the status of progress relative to the goals identified in the Recovery Resiliency and Wellness Plan, and the individual continues to require the monthly minimum contact requirements.

**Discharge Criteria for ARTS and MH Peer Support Services and Family Support Partners**

Discharge shall occur when one or more of the following is met:

1. Goals of the Recovery Resiliency and Wellness Plan have been substantially met; or
2. The Individual or as applicable for youth under 21, the caregiver, request discharge; or
3. The individual or as applicable for youth under 21, the caregiver, fail to make the monthly minimum contact requirements or the individual or caregiver, as applicable, discontinues participation in services.

**DOCUMENTATION OF REQUIRED ACTIVITIES: ARTS AND MH PEERS**

The enrolled/credentialed provider shall have oversight of the individual’s record and maintain individual records in accordance with state and federal requirements. The enrolled/credentialed provider shall ensure documentation of all activities and shall ensure documentation of all relevant information about the Medicaid individuals receiving services. Such documentation shall fully disclose the extent of services provided in order to support providers' claims for reimbursement for services rendered. Documentation shall support the medical necessity criteria and how the individual’s needs for the service match the level of care criteria. This documentation shall be written, signed, and dated at the time the services are rendered or within one business day from the time the services were rendered.

Documentation of required activities shall include:

- Recommendation for Services
- Recovery, Resiliency, and Wellness Plan
- Review of Recovery, Resilience, and Wellness Plan
- Progress Notes
- Supervision
- Collaboration of services

Manual Title Peer Services Supplement	Chapter	Page 21
Chapter Subject Peer Support Services and Family Support Partners	Page Revision Date July 1, 2017	

**Recommendation for Services**

The recommendation for Peer Support Services or Family Support Partners shall include the dated signature of the LMHP, LMHP-R, LMHP-RP, or LMHP-S or practitioner making the recommendation and their credentials. The recommendation shall be included as part of the Recovery, Resiliency, and Wellness Plan and medical record. The recommendation shall document verification that the individual meets the MNC for Peer Support Services or Family Support Partners.

**Recovery, Resiliency, and Wellness Plan**

Under the clinical oversight of practitioner making the recommendation for Peer Support Services or Family Support Partners, the Peer Recovery Specialist (PRS) in consultation with their direct supervisor shall develop a Recovery, Resiliency, and Wellness Plan based on the recommendation for service, the individual’s, and as applicable the caregiver’s perceived recovery needs and any clinical or multidisciplinary assessment as defined in 12VAC30-130-5020 or Service Specific Provider Assessments as defined in 12VAC30-50-130 within 30 calendar days of the initiation of service. Development of the Recovery, Resiliency, and Wellness Plan shall include collaboration with the individual and, as applicable, the caregiver. Individualized goals and strategies shall be focused on the individual’s identified needs for self-advocacy and recovery. The Recovery, Resiliency, and Wellness Plan shall also include documentation of how many days per week and how many hours per week are required to carry out the services in order to meet the goals of the Plan. The Recovery, Resiliency, and Wellness plan shall be completed, signed, and dated by the practitioner making the recommendation for services, the PRS, the direct supervisor, the individual, and as applicable the caregiver involved in the individual’s recovery within 30 calendar days of the initiation of service. The PRS shall act as an advocate for the individual, encouraging the individual and as applicable the caregiver to take a proactive role in developing and updating goals and objectives in the individualized recovery planning. The PRS shall be empowered to convene multidisciplinary team meetings regarding a participating individual’s needs and desires, and the PRS shall participate as an equal practitioner partner with all staff in multidisciplinary team meetings.

Services shall be delivered in accordance with the individual’s goals and objectives as identified in the Recovery, Resiliency, and Wellness Plan and consistent with the recommendation of the referring practitioner who recommended services. As determined by the goal(s) identified in the Recovery, Resiliency, and Wellness Plan, services may be rendered in the provider’s office or in the community, or both. The level of services provided and total time billed for the week shall not exceed the frequency or intensity established in the Recovery, Resiliency, and Wellness Plan.

**Review of Recovery, Resiliency, and Wellness Plan**

Under the clinical oversight of the practitioner making the recommendation for service, the PRS in consultation with their direct supervisor shall conduct and document a Review of the Recovery, Resiliency, and Wellness Plan every 90 calendar days with the individual and family

Manual Title Peer Services Supplement	Chapter	Page 22
Chapter Subject Peer Support Services and Family Support Partners	Page Revision Date July 1, 2017	

or caregiver as applicable. The review shall be signed by the PRS and the individual, and as applicable the identified caregiver. Review of the Recovery Resiliency and Wellness Plan means the PRS evaluates and updates the individual's progress every 90 days toward meeting the Plan's goals and documents the outcome of this review in the individual's medical record. For DMAS to determine that these reviews are complete, the reviews shall (i) update the goals and strategies as needed to reflect any change in the individual's recovery as well as any newly identified needs; (ii) be conducted in a manner that enables the individual to actively participate in the process; and (iii) be documented by the PRS in the individual's medical record no later than 15 calendar days from the date of the review.

### **Progress Notes**

Progress notes as defined in 12VAC30-50-130 shall be required and shall record the date, time, place of service, participants, face to face or telephone contact and circumstance of contact, regardless of whether or not a billable service was provided, and shall summarize the purpose and content of the Peer Support Services or Family Support Partner session along with the specific strategies and activities utilized as related to the goals in the Recovery Resiliency and Wellness Plan. Documentation of the specific strategies and activities rendered shall fully disclose the details of services rendered and align with the Recovery, Resiliency, and Wellness Plan.

Progress notes shall reflect collaboration between the PRS and the individual in the development of the progress note. If contact with the individual cannot be made, the service is not billable. However, the progress note shall reflect attempts to contact the individual. Progress notes shall contain the dated signature of the PRS who provided the service.

### **Supervision**

The enrolled/credentialed provider shall ensure that documentation of all supervision sessions be maintained in a supervisor's log or in the PRS' personnel file.

### **Care Coordination**

Collaboration shall be required with all behavioral health service providers and shall include the PRS, the individual, or caregiver as applicable and shall involve discussion regarding initiation of services and updates on the individual's status. Documentation of all collaboration and shall be maintained in the individual's record. Plans for collaboration shall be included in the Recovery, Resiliency, and Wellness Plan and shall not be performed without properly signed release(s) of information. Collaboration rendered with other service providers without the individual present shall not be billable.

The enrolled/credentialed provider may integrate an individual's peer support record with the individual's other records maintained within same provider agency or facility, provided the peer support record is clearly identified and logs and progress notes documenting the provision of Peer Support Services or Family Support Partners corroborate billed services.

**LIMITATIONS: ARTS AND MH PEERS**

An approved service authorization or registration submitted by the enrolled/credentialed provider shall be required prior to service delivery in order for reimbursement to occur. To obtain service authorization, all providers' information supplied to the DMAS or its contractor shall be fully substantiated throughout the individual's record.

A unit of service shall be defined as 15 minutes. Peer Support Services and Family Support Partners shall be limited to four hours per day (up to 16 units per calendar day) and nine hundred (900) hours per calendar year. Service delivery limits may be exceeded based upon documented medical necessity and service authorization approval. Providers should review the MCO contract requirements for specific requirements for registration or authorization.

<b>PEER SUPPORT SERVICES &amp; FAMILY SUPPORT PARTNERS</b>	<b>UNIT VALUE</b>	<b>PROCEDURE CODE</b>	<b>RATE</b>	<b>DAILY LIMITS</b>	<b>ANNUAL LIMITS</b>
<b>ARTS Individual</b>	1 unit=15 minutes	T1012	\$6.50 per 15 minute unit	4 hours/16 units per calendar day	Up to 900 hours/3600 units per calendar year

<b>Mental Health Group</b>		H0025	\$2.70 per 15 minute unit		

If a service recommendation for Mental Health Peer Support Services or Mental Health Family Support Partners as set forth in 12VAC 30-50-226 or 12VAC30-50-130 is made in addition to a service recommendation for ARTS Peer Support Services or ARTS Family Support Partners as set forth in 12VAC 30-130-5160 through 12VAC30-130-5210, no more than a total of four hours (up to 16 units) of services shall be rendered per calendar day. An enrolled provider cannot bill DMAS separately for: i) MH peer services (Mental Health Peer Support Services or Mental Health Family Support Partners) and ii) ARTS peer services (Peer Support Services or ARTS Family Support Partners) rendered on the same calendar day unless the MH peer services and ARTS peer services are rendered at different times. The enrolled provider must coordinate services to ensure the 4 hour daily service limit is not exceeded. No more than a total of four hours of one type of service, or a total of four hours of a combination of service types, up to 16

Manual Title Peer Services Supplement	Chapter	Page 24
Chapter Subject Peer Support Services and Family Support Partners	Page Revision Date July 1, 2017	

units of total service, shall be provided per calendar day. A separate annual service limit of up to 900 hour shall apply to Mental Health Peer Support Services or Mental Health Family Support Partners Service and ARTS Peer Support Services or Family Support Partners.

Service shall be initiated within 30 calendar days of the documented recommendation. The recommendation shall be valid for no longer than 30 calendar days. If the time has exceeded 30 calendar days without service initiation, another recommendation shall be required.

Peer Support Services and Family Support Partners rendered in a group setting shall have a ratio of no more than 10 individuals to one PRS and progress notes shall be included in each individual's record.

General support groups which are made available to the public to promote education and global advocacy do not qualify as Peer Support Services or Family Support Partners.

Non-covered activities include transportation, record keeping or documentation activities (including but not limited to progress notes, tracking hours and billing and other administrative paperwork), services performed by volunteers, household tasks, chores, grocery shopping, on the job training, case management, outreach to potential clients, and room and board.

The PRS shall document each 15-minute unit in which the individual was actively engaged in Peer Support Services or Family Support Partners. Meals and breaks and other non-covered activities listed in this section shall not be included in the reporting of units of service delivered. Should an individual receive other services during the range of documented time in/time out for Peer Support hours, the absence of or interrupted services must be documented.

Billing shall occur only for services provided with the individual present. Telephone time is supplemental rather than replacement of face to face contact and is limited to 25% or less of total time per recipient per calendar year. Justification for services rendered with the individual via telephone shall be documented. Any telephone time rendered over the 25% limit will be subject to retraction.

Peer Support Services or Family Support Partners may operate in the same building as other day services; however, there must be a distinct separation between services in staffing, program description, and physical space. Peer Services shall be an ancillary service and shall not impede, interrupt, or interfere with the provision of the primary service setting. Simultaneous service delivery of Peer Services with another outpatient or community based service is not allowed.

Contact shall be made with the individual receiving Peer Support Services or Family Support Partners a minimum of twice each month. At least one of these contacts must be face-to-face and the second may be either face-to-face or telephone contact depending on the individual's support needs and documented preferences.

Manual Title Peer Services Supplement	Chapter	Page 25
Chapter Subject Peer Support Services and Family Support Partners	Page Revision Date July 1, 2017	

In the absence of the required monthly face-to-face contact and if at least two unsuccessful attempts to make face-to-face contact have been tried and documented, the provider may bill for a maximum of two telephone contacts in that specified month, not to exceed 2 units. After two consecutive months of unsuccessful attempts to make face-to-face contact, discharge shall occur.

Family Support Partners is not billable for siblings of the targeted youth for whom a need is specified unless there is applicability to the targeted youth/family. The applicability to the targeted youth must be documented.

Family Support Partners shall not be billed for youth who resides in a congregate setting in which the caregivers are paid (such as child caring institutions, or any other living environment that is not comprised of caregivers as defined above). An exception would be for youth actively preparing for transition back to a single-family unit, the caregiver is present during the intervention, and the service is directed to supporting the unification/reunification of the youth and his/her caregiver and takes place in that home and community. The circumstances surrounding the exception shall be documented.

Individuals with the following conditions are excluded from Peer Support Services and Family Support Partners unless there is clearly documented evidence and diagnosis of a substance use disorder or mental health disorder overlaying the diagnosis: developmental disability including intellectual disabilities, organic mental disorder including dementia or Alzheimer's, or traumatic brain injury. There must be documented evidence that the individual is able to participate in the service and benefit from Peer Support Services or Family Support Partners.

Claims that are not adequately supported by appropriate up to date documentation may be subject to recovery of expenditures. Progress notes, as defined in 12VAC30-50-130, shall disclose the extent of services provided and corroborate the units billed. Claims not supported by corroborating progress notes shall be subject to recovery of expenditures.

The enrolled/credentialed provider shall be subject to utilization reviews conducted by DMAS or its designated contractor.

If a GAP enrollee elects to transition out of Peer Navigation Services through the BHSA and receive MH or ARTS Peer Support Services, the BHSA peer support navigator shall assist with the transition from BHSA-provided peer support navigation. The transition period may last up to 30 consecutive calendar days and address discharging from recovery navigator services and engagement in peer support services.

**SERVICE AUTHORIZATION AND BILLING INSTRUCTIONS**

Manual Title Peer Services Supplement	Chapter	Page 26
Chapter Subject Peer Support Services and Family Support Partners	Page Revision Date July 1, 2017	

All providers must be under contract and enrolled/credentialed with the appropriate MCOs for respective managed care enrolled members and Magellan for fee-for-service and GAP enrolled members. Enrolled/credentialed providers must contact the MCOs, MMPs and the BHSA directly for information regarding service authorization and claims processing instructions.

Peer Support Services and Family Support Partners shall be registered and providers can access registration forms here: [http://www.dmas.virginia.gov/Content\\_Pgs/bh-sud.aspx](http://www.dmas.virginia.gov/Content_Pgs/bh-sud.aspx)

Peer Support Services and Family Support Partners are billed separately from the per diem or Diagnostic Related Group (DRG) for the following ARTS and MH Settings. Peer Services claims should be submitted on a CMS-1500 for MCOs, fee for service and GAP enrolled members:
