DentaQuest Credentialing Process

Credentialing is the process of verifying credentials (i.e. training, licensing, hospital affiliations) of potential providers by primary sources. DentaQuest takes pride in its network of providers and is proud to say that all providers are credentialed following the guidelines of the National Committee for Quality Assurance (NCQA) to ensure our members that they are receiving the best quality care possible. Using NCQA guidelines for credentialing will ensure an organization that the providers affiliated with their panel are the best in the dental field.
