Section I – Purpose

The purpose for this Request for Applications (RFA) is for the Department of Medical Assistance Services (DMAS) to solicit applications from qualified potential PACE providers to develop and implement a Program of All-Inclusive Care of the Elderly (PACE) in the geographically underserved areas, including zip codes, of and surrounding Harrisonburg, Virginia.

Eligible Service Areas. In the review cycle established in the RFA, the review committee will consider applications for PACE sites whose coverage includes **the geographic service areas, including zip codes, of and surrounding Harrisonburg, Virginia.**

According to federal regulations, it is DMAS' responsibility to determine whether an overlap in a service area is economically feasible for the Commonwealth and potential PACE providers and it has been determined only one PACE site will be selected to provide services in the Harrisonburg and surrounding areas of Virginia.

Section II – Background

Special Session I, 2006 Virginia Acts of Assembly, Chapter 3, set in motion a major reform of the Virginia Medicaid funded long-term care service programs, which focuses on care coordination and integration of acute and long-term care services for our most vulnerable citizens - older adults and individuals with disabilities. The legislation directed DMAS, in consultation with the appropriate stakeholders, to develop a long-range blueprint for the development and implementation of an integrated acute and long-term care system. The Department was directed to move forward with two different models for the integration of acute and long-term care services: a community model and a regional model. The community model is the Program of All-Inclusive Care for the Elderly (PACE).

The PACE program provides the entire spectrum of acute and long-term care services and supports, without limit as to duration or dollars. PACE provides all health and long-term care services to individuals 55 years of age and older, who meet nursing facility level of care criteria, and reside in their own communities. PACE is a voluntary program, centered on an adult day health care model, and combines Medicaid and Medicare funding.

PACE was developed to provide the integration of acute and long-term care services, providing older adults the opportunity to remain in their community, versus a nursing facility. PACE programs assist participants to avoid costly and often preventable nursing facility and hospital stays by expanding the range and intensity of services provided within a community setting. PACE uses an interdisciplinary team, with participant/caregiver input, to determine what services will best meet the needs of their condition and achieve their goals. Some of the services provided include, but are not limited to: adult day care that offers nursing, physical, occupational, speech and recreational therapies, meals, nutritional counseling, social services, personal care, medical care provided by a PACE physician, home health care, all necessary prescription drugs, medical specialists such as dentistry, optometry and podiatry services, respite care, hospital and nursing facility care (when necessary), and transportation. The PACE team is responsible for authorizing services, as well as for the provision of those services.

Currently there are twelve PACE sites, including two rural sites, operating in Virginia. Listed in alphabetic order they are:

AllCare for Seniors PACE	Cedar Bluff, Virginia
Blue Ridge PACE	Charlottesville, Virginia
Centra PACE	Lynchburg, Virginia
Centra PACE	Farmville, Virginia
Centra PACE	Gretna, Virginia
INOVA Cares for Seniors PACE	Fairfax, Virginia
InnovAge Virginia PACE	Roanoke, Virginia
Mountain Empire PACE	Big Stone Gap, Virginia
Riverside PACE	Richmond, Virginia
Riverside PACE	Newport News, Virginia
Sentara Senior Community Care	Virginia Beach, Virginia
Sentara Senior Community Care	Portsmouth, Virginia

Specific Application Award Requirements:

Potential provider submissions should be thorough and comprehensible, including sufficient detail to allow the DMAS to evaluate the potential PACE provider's capabilities to provide the required services. The RFA requirements for each individual item will be thoroughly reviewed. All potential providers are required to submit information as specified in the RFA.

Section III - Statement of Need

PACE programs respond to the unique needs of older adults and their families to provide services to enhance quality of life. PACE programs enable an individual to live in the community as long as medically and socially feasible, while preserving and supporting the individual's family unit. The PACE requirements for Medicare and Medicaid capitated funding are regulated by federal and state laws.

The PACE program is limited to individuals ages 55 or older who live in a designated service area. Eligible participants may be Medicare, Medicaid, or private pay, and must meet the nursing facility level of care criteria established by state and federal requirements.

This RFA is for the areas of and surrounding Harrisonburg, Virginia, an independent city in the Shenandoah Valley region of Virginia.

Section IV - Application Preparation and Submission Requirements

All data, materials, and documentation originated and prepared for the Commonwealth pursuant to this RFA belong exclusively to the Commonwealth and shall be subject to public inspection in accordance with the Virginia Freedom of Information Act. Confidential information shall be clearly marked in the proposal and reasons the information should be confidential shall be clearly stated.

The provider assures that information and data obtained as to personal facts and circumstances related to participants shall be collected and held confidential, during and following the term of this agreement, and

will not be divulged without the individual's and the agency's written consent. Any information to be disclosed, except to the agency, must be in summary, statistical, or other form which does not identify particular individuals. Providers and their employees working on this project shall be required to sign the confidentiality statement in this solicitation.

Trade secrets or proprietary information submitted by an applicant shall not be subject to public disclosure under the *Virginia Freedom of Information Act*; however, the provider must invoke the protections of §2.2-4342F of the *Code of Virginia*, in writing, either before, or at the time, the data or other material is submitted. The written notice must specifically identify the data or materials to be protected and state the reasons why protection is necessary.

The proprietary or trade secret materials submitted must be identified by some distinct method, such as highlighting or underlining, and shall indicate only the specific words, figures, or paragraphs that constitute trade secret or proprietary information. An electronic redacted copy of the application shall have the proprietary and confidential information removed or blocked out in its entirety so the content is not visible. The classification of an entire application, line item prices, and/or total proposal prices as proprietary or trade secrets is not acceptable and, at the sole discretion of DMAS, may result in rejection and return of the proposal. Attachment I of this RFA shall be used for the identification of proprietary or confidential information and submitted with the application.

Submission and Acceptance of Applications:

Applicants shall submit one (1) original and five (5) hard copies of requested requirements by the response date and time specified in the RFA. Each copy of the application shall be bound separately. This submission shall be in a sealed envelope or sealed box clearly marked "RFA 2018-01 PACE Application." The applicant shall also submit one electronic copy (compact disc preferred) of their application in MS Word format (Microsoft Word 2016 or compatible format). In addition, the applicant shall submit a redacted (proprietary and confidential information removed) electronic copy in PDF format of their application.

Applications, whether mailed or hand delivered shall arrive at DMAS no later than 2pm local prevailing time on **December 8, 2017**. DMAS shall be the sole determining party in establishing the time and arrival of applications. Late applications will not be accepted and will be automatically rejected from further consideration. Request preparation:

An authorized representative of the potential PACE provider shall sign the submitted information. All RFA information requested shall be submitted. Failure to submit all information requested may result in DMAS requiring prompt submission of missing information and/or giving a lower evaluation of the

application request. Application requests that are substantially incomplete, or lack key information, may be rejected by DMAS.

The application requests should be complete and provide concise descriptions of the PACE providers capabilities to satisfy the requirements. The application requests should provide clarity of content. Application requests should be typed with at least one-inch margins. The application requests should be organized in the order in which the requirements are presented in the RFA. The requirements should be clearly referenced in the document to the corresponding section.

Cover Sheet:

The cover sheet must be returned, signed and completed as required. Failure to submit an application with the official cover sheet may be a cause for rejecting the request for application.

Application Considerations:

The potential PACE provider must clearly and concisely describe why they are submitting an application to develop a PACE program for the aforementioned underserved geographic areas.

Description of Potential PACE Provider:

This section must include information on: (1) the purpose and goals of the potential PACE provider; (2) the number and type of potential enrollees expected to be enrolled; (3) the geographic area served; (4) organizational structure, including number and type of staff; (5) all-inclusive services; (6) adult day health center experience/accomplishments; and (7) effective use of existing community resources.

Needs Statement:

The potential PACE provider will explain the need for the service in the Harrisonburg and surrounding areas of Virginia. Information such as statistics, characteristics of the community, lack of similar resources, participant needs, and the expected impact of the proposed service should be included. The request should state what attempts have been made to secure funding sources. The following information shall be included in the proposal submitted: (1) the estimated number of individuals to be served and cost per participant; (2) impact on the community; (3) a description of the service area target population; (4) the geographic area, including zip codes to be served; and (5) a listing of the major socioeconomic, health, and cultural characteristics of the target population(s). These projections should relate directly to the proposed budget that is submitted to include projected start-up and annual operational costs.

Plan for Providing PACE Services:

This section of the application must provide a detailed description of the services/activities to be provided by the potential PACE provider, identification of how the provider will deliver these services/activities, and a clearly defined implementation timeline with measurable goals and objectives. Describe the activities necessary to achieve the objectives and explain the procedures that will be used to deliver the services, including the necessary planning.

The application should indicate an estimate of the number and type of participants to be served and how the participants will be assessed and selected. In the explanation list any equipment and resources that will be needed to provide the services.

Provide a clear description of the geographic boundaries (counties and cities) of service provision and include a map. Zip codes the potential PACE provider plans to serve should be identified and represented on the map. Provide explanations of how the PACE program will have the support and cooperation of other providers in the community, to include:

1. Completion of a market assessment that demonstrates sufficient potential PACE participants to develop a PACE program.
 - Complete a current (no earlier than 2015) financial feasibility study, which includes financial viability for the next 5 years;
 - Complete a current market assessment;
 - Develop a complete business plan (to include a marketing plan, implementation plan, staffing plan, operational plan, and exit strategy);
 - Complete an organizational assessment to determine if demographics and organizational resources and services will support development of a PACE program; and
 - Submit a budget including projected start-up and annual operational costs.

The market assessment will describe the needs of the potential PACE provider's community and the potential PACE provider program. The narrative will include the following information: (1) activities and steps needed to achieve a PACE program outlining start-up and development, with a timeline; (2) an explanation as to when the services/activities will be implemented; and (3) an implementation plan listing feasible target dates for the beginning and end of each activity. The assessment should include a description identifying budget justification that will address activities related to the start-up and development of the PACE program. Describe the market assessment for the region and explain the feasibility specific to the service area.

The market assessment will describe the history of serving the target population, total enrollment expectations, community-based alternatives, and supportive referral sources. Describe how the PACE program will fill an unmet need for community based long-term care. Explain how the PACE program will provide a good fit with the sponsoring organization's current mission, direction, and services. Explain how the PACE organization is financially viable and offers a return on investment.

The financial projections in the business plan must include: (1) realistic and attainable financial projections and demonstrate the range of financial performance;(2) demonstration the management team is capable of achieving the desired financial and operating results;(3) that the potential PACE provider can manage the identified risk, but that there is a developed exit plan in the event circumstances arise that require it. The business plan shall include an executive summary that should request board approval to establish a new PACE organization and the necessary start-up funds (including start-up capital and working capital). If external financing is needed, the business plan should address this issue. The budget should define the total expenditures, show the source of funding for those expenditures, and provide statements of assurances for the availability of funding to complete the development and implementation of the PACE program.

The business plan should also include: resources for consulting, acquisition of space, acquisition of equipment, vans, working capital, and solvency reserves. The potential PACE provider's costs should demonstrate an understanding of the PACE program situation and unique market factors.

2. Demonstration of partnerships with acute care hospitals, nursing facilities, and other potential partners.
 - Define service areas, including zip codes;
 - Identify locations of hospitals, nursing facilities, and other potential partners to ensure all required covered services are provided;
 - Identify contracted medical services;
 - Submit job descriptions for medical and program directors;
 - Provide an organizational chart;
 - Identify a governing board that includes community representation; and

Discuss community involvement and provide background on which community partners have been involved in the development of the proposed PACE program. Identify and confirm agencies in which it will be critical for the PACE provider to have a partnership. Explain how the PACE provider will establish contracts for services. An example for this: The PACE provider's "parent" company is a health system with which the PACE provider can contract for acute care services. Describe how the PACE provider will determine which services will be provided by contract employees. Describe how the PACE provider will establish contracts for all necessary services. Explain the process for which the PACE provider will provide the delivery of services and manage the financial risk. Describe how the PACE provider will address critical factors for assessing risk sharing; specifically, existing partnerships, staffing, informal care giving, technology, and access to long-term services and supports. Describe any performance standards that will be applied to personnel. Indicate the details of any provisions for subcontracting. Identify the staff responsible for service provision and of the supervision to be provided. Provide the numbers, positions, position descriptions, and qualifications of personnel that will be involved in the development and implementation of the PACE program.

3. Designation of an adult day care center from which to operate a PACE program.
 - Identify experience as an adult day care provider;
 - Identify the location of the adult day care center;
 - Provide the capacity for the adult day care center.

Discuss the designation of the adult day care center or the proposed location. State whether the center will be licensed, and, if so, provide a timeline for how and when the proposed license will be obtained. Discuss how the PACE provider will ensure licensing pertaining to the clinic, food service, building and fire safety will be obtained prior to service provision and any foreseeable issues surrounding obtaining required licensures.

Discuss how the PACE program will operate a PACE center with space for: a primary care clinic, interdisciplinary team meetings, treatments, activities, therapies, socialization, personal care, and dining. Describe the PACE center location in terms of it being located in an identified area of the community

familiar to those who will be served. The center location should be based on the analysis of the intended service area, the number of individuals eligible for PACE, and where these individuals reside. The PACE program must consider the size and diversity of the service areas; if the PACE center encompasses many neighborhoods, the PACE organization will need to integrate various populations within the service area. Provide an explanation that demonstrates other health care providers in the area are accepting of the new PACE center. Describe how the PACE program will obtain acceptance from the community. The center should be in a safe area, easily accessible to community-based providers, hospitals, nursing facilities, and other complimentary services the PACE program has identified. Describe whether the center will be leased or purchased.

4. Identification of funding partners to sustain a PACE project.

- Identify existing relationships with hospitals and physicians; and
- Identify supports of the potential PACE program, which will have favorable contract rates for services, assist with contracting, and/or provide other in-kind support to defray start-up/ongoing costs and assist in reaching breakeven as soon as possible.

Describe how the PACE program will establish long-term financial viability. Describe how the potential PACE program will sustain older adults in the community. Explain the potential provider's experience in providing care in the following areas: acute care, long-term care, community-based care, existing service delivery systems, and its relationship to PACE. Explain the potential PACE provider's experience serving the dually eligible population. Identify sources of capital available and how these sources will be assessed. Discuss risk management and mitigation strategies, as well as the potential PACE provider's experience with bearing financial risk. Explain who will sustain the development of the program. Discuss the timeframes expected to implement and develop a PACE program.

Discuss financial projections, providing realistic and attainable goals. Discuss the provider's ability to achieve financial and operating results. Explain how the PACE provider can manage financial and operational risks, including financial sustainability and/or withdrawal from PACE development. Explain how the PACE provider will address participants' needs in all care settings, 24-hours a day, 365 days a year. Explain how participants will receive services at the PACE center, at home, and at inpatient facilities.

Small Business Subcontracting Plan:

It is the goal of the Commonwealth that more than 42% of its purchases be made from small businesses. All potential providers are required to submit a Small Business Subcontracting Plan, using the template provided as Attachment II of this RFA.

Section V - Evaluation and Award Criteria

The potential PACE provider will be evaluated by a committee selected by DMAS.

Evaluation Criteria and Weights

The potential PACE provider shall be evaluated by the evaluation committee using criteria included in this document. Evaluation will be made and points awarded based solely on the information contained in the application. DMAS reserves the right of final approval and to reject any and all applications.

Criteria:

1. Completion of a market assessment demonstrating there is a sufficient number of individuals eligible for PACE to support the development of a PACE program in the given area. **Total Points: 25**
2. Demonstration of partnerships with acute care hospitals, nursing facilities, and other potential partners. **Total Points: 25**
3. Designation of an adult day health care center from which to operate a PACE program. **Total Points: 20**
4. Identification of funding partners to sustain a PACE project. **Total Points: 20**
5. Completeness of response to this RFA. **Total Points: 8**
6. Small, women, and/or minority-owned (SWAM) businesses. **Total Points: 2**

The application award will be made based upon the potential PACE provider deemed to be fully qualified and best suited among those submitting application requests on the basis of the evaluation and criteria factors included in the requirements for application award. DMAS shall select the provider who has submitted the best application and shall award the contract based on evaluation results and qualifications of the provider. Should DMAS determine, in writing and in its sole discretion, that only one potential PACE provider is fully qualified, or that one potential PACE provider is clearly more qualified than other applicants under consideration, a contract may be negotiated and awarded to that PACE provider. The award document will be a contract incorporating, by reference, all the requirements, terms, and conditions of this solicitation.

Important Dates:

Deadline for receipt of questions and letters of intent: **2:00pm**, local prevailing time, **November 3, 2017**.

Section VI - GENERAL TERMS AND CONDITIONS

6.1 APPLICABLE LAWS AND COURTS: This RFA and any resulting contract shall be governed in all respects by the laws of the Commonwealth of Virginia and any litigation with respect thereto shall be brought in the courts of the Commonwealth. DMAS and the Provider are encouraged to resolve any issues in controversy arising from the award of the contract or any contractual dispute using Alternative Dispute Resolution (ADR) procedures (*Code of Virginia*, § 2.2-4366). ADR procedures are described in Chapter 9 of the *Vendors Manual*. The Provider shall comply with all applicable federal, state and local laws, rules and regulations.

6.2 ANTI-DISCRIMINATION: By submitting their applications, offerors certify to the Commonwealth that they will conform to the provisions of the Federal Civil Rights Act of 1964, as amended, as well as the Virginia Fair Employment Contracting Act of 1975, as amended, where applicable, the Virginians With Disabilities Act, the Americans With Disabilities Act and § 2.2-4311 of the Virginia Public Procurement Act (VPPA). If the award is made to a faith-based organization, the organization shall not discriminate against any recipient of goods, services, or disbursements made pursuant to the contract on the basis of the recipient's religion, religious belief, refusal to participate in a religious practice, or on the basis of race, age, color, gender or national origin and shall be subject to the same rules as other organizations that contract with public bodies to account for the use of the funds provided; however, if the faith-based organization segregates public funds into separate accounts, only the accounts and programs funded with public funds shall be subject to audit by the public body. (*Code of Virginia*, § 2.2-4343.1E).

In every contract over \$10,000 the provisions in number one (1) and number two (2) below apply:

1. During the performance of this contract, the Provider agrees as follows:
 - a. The Provider will not discriminate against any employee or applicant for employment because of race, religion, color, sexual orientation, national origin, age, disability, or any other basis prohibited by state law relating to discrimination in employment, except where there is a bona fide occupational qualification reasonably necessary to the normal operation of the provider. The Provider agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.
 - b. The Provider in all solicitations or advertisements for employees placed by or on behalf of the provider, will state that such Provider is an equal opportunity employer.
 - c. Notices, advertisements and solicitations placed in accordance with federal law, rule or regulation shall be deemed sufficient for the purpose of meeting these requirements.
2. The Provider shall include the provisions of number one (1) above in every subcontract or purchase order over \$10,000, so that the provisions will be binding upon each subcontractor or vendor.

6.3 ETHICS IN PUBLIC CONTRACTING: By submitting their applications, Offerors certify that their applications are made without collusion or fraud and that they have not offered or received any kickbacks or inducements from any other Offeror, supplier, manufacturer or subcontractor in

connection with their application, and that they have not conferred on any public employee having official responsibility for this procurement transaction any payment, loan, subscription, advance, deposit of money, services or anything of more than nominal value, present or promised, unless consideration of substantially equal or greater value was exchanged.

- 6.4 IMMIGRATION REFORM AND CONTROL ACT OF 1986:** By entering into a written contract with the Commonwealth of Virginia (COV), the Provider certifies that the Provider does not, and shall not during the performance of the contract for goods and services in the Commonwealth, knowingly employ an unauthorized alien as defined in the Federal Immigration Reform and Control Act of 1986.
- 6.5 DEBARMENT STATUS:** By submitting their applications, Offerors certify that they are not currently debarred by the Commonwealth of Virginia or any other federal, state or local government from submitting bids or proposals on any type of contract, nor are they an agent of any person or entity that is currently so debarred.
- 6.6 ANTITRUST:** By entering into a contract, the Provider conveys, sells, assigns, and transfers to the Commonwealth of Virginia all rights, title and interest in and to all causes of action it may now have or hereafter acquire under the antitrust laws of the United States and the Commonwealth of Virginia, relating to the particular goods or services purchased or acquired by the Commonwealth of Virginia under said contract.
- 6.7 MANDATORY USE OF STATE FORM AND TERMS AND CONDITIONS:** Failure to submit an application on the official state form, in this case the completed and signed RFA Cover Sheet may be a cause for rejection of the application. Modification of or additions to the General Terms and Conditions of the solicitation may be cause for rejection of the application; however, the Commonwealth reserves the right to decide, on a case by case basis, in its sole discretion, whether to reject such an application.
- 6.8 CLARIFICATION OF TERMS:** If any prospective Offerors have questions about the specifications or other solicitation documents, the prospective Offeror should contact the individual whose name appears on the face of the solicitation no later than **2:00 pm, November 3, 2017**. Any revisions to the solicitation will be made only by an addendum issued by the contact person. Offerors must check the DMAS website at www.dmas.virginia.gov/Content_pgs/lc-pace.aspx for any addendums or notices regarding this RFA. Questions regarding the RFA may be submitted along with the Letter of Intent.
- 6.9 PAYMENT:**
1. To the Selected Provider:
 - A. Invoices for items ordered, delivered and accepted shall be submitted by the Provider directly to the payment address shown on the purchase order/contract. All invoices shall show the state provider number and/or purchase order number; social security number (for individual contractors) or the federal employer identification number (for proprietorships, partnerships, and corporations).

B. Any payment terms requiring payment in less than 30 days will be regarded as requiring payment 30 days after invoice or delivery, whichever occurs last. This shall not affect offers of discounts for payment in less than 30 days however.

C. All goods or services provided under this contract or purchase order, that are to be paid with public funds, shall be billed by the provider at the contract price, regardless of which public agency is being billed.

D. The following shall be deemed to be the date of payment: the date of postmark in all cases where payment is made by mail, or the date of offset when offset proceedings have been instituted as authorized under the Virginia Debt Collection Act.

E. Unreasonable Charges. Under certain emergency procurements and for most time and material purchases, final job costs cannot be accurately determined at the time orders are placed. In such cases, providers should be put on notice that final payment in full is contingent on a determination of reasonableness with respect to all invoiced charges. Charges which appear to be unreasonable will be researched and challenged, and that portion of the invoice held in abeyance until a settlement can be reached. Upon determining that invoiced charges are not reasonable, the Commonwealth shall promptly notify the provider, in writing, as to those charges which it considers unreasonable and the basis for the determination. A Provider may not institute legal action unless a settlement cannot be reached within thirty (30) days of notification. The provisions of this section do not relieve an agency of its prompt payment obligations with respect to those charges which are not in dispute (*Code of Virginia*, § 2.2-4363).

2. To Subcontractors:

A. Provider awarded a contract under this RFA is hereby obligated:

(1) To pay the subcontractor(s) within seven (7) days of the Provider's receipt of payment from the Commonwealth for the proportionate share of the payment received for work performed by the subcontractor(s) under the contract; or

(2) To notify the agency and the subcontractor(s), in writing, of the Provider's intention to withhold payment and the reason.

B. The provider is obligated to pay the subcontractor(s) interest at the rate of one percent per month (unless otherwise provided under the terms of the contract) on all amounts owed by the provider that remain unpaid seven (7) days following receipt of payment from the Commonwealth, except for amounts withheld as stated in (2) above. The date of mailing of any payment by U. S. Mail is deemed to be payment to the addressee. These provisions apply to each sub-tier provider performing under the primary contract. A Provider's obligation to pay an interest charge to a subcontractor may not be construed to be an obligation of the Commonwealth.

3. Each provider who wins an award in which provision of a SWAM procurement plan is a condition to the award, shall deliver to the contracting agency or institution on or before request for final payment, evidence and certification of compliance (subject only to insubstantial shortfalls and to shortfalls arising from subcontractor default) with the SWAM procurement plan. Final payment under the contract in question may be withheld until such certification is

delivered and, if necessary, confirmed by the agency or institution, or other appropriate penalties may be assessed in lieu of withholding such payment.
