A JOURNEY THROUGH DMAS:

WHAT DOES THE CHIEF MEDICAL OFFICER DO?

Chethan Bachireddy, MD, MSc
Department of Medical Assistance Services
Commonwealth of Virginia

August 26, 2019
What do we do?

Clinical Consultation

Special Projects

Pharmacy Policy and Operations

Medical Support Unit

Pharmacy
Who works on the Medical Support Unit Team?

- 2 Full Time RNs
- 1 Full Time Medical Support Specialist
- 6 Part Time Consultants
Who works on the Pharmacy Team?

- 4 Full Time Pharmacists
- 1 Full Time Pharmacy Technician
DMAS Mission & Values

“To improve the health and well-being of Virginians through access to high-quality health care coverage.”
When you have too many top priorities, you effectively have no top priorities.

Stephen R. Covey
OCMO Priorities

- Opioid Epidemic
- Pharmacy
- Quality
- Social Drivers of Health
Principles of Change

Innovation

- Patients + Providers
- Data
- Team
How do we meet the needs of Providers and Patients?
Case Study: Common Core Formulary

- Common Core Formulary (CCF)
  - Includes all preferred drugs on the DMAS’ PDL
  - Standardized approval process for all Medicaid members

- DMAS MCOs must cover all PDL “preferred drugs”
  - Provides continuity of care for patients
  - Decreases administrative burdens for prescribers
  - Unprecedented support from the medical community

- DMAS MCOs are contractually required to follow the CCF and capitation rates adjusted accordingly

- Allows DMAS to collect additional supplemental drug rebates on MCO drug utilization in select drug classes
How are clinical criteria set as new drugs and procedures are developed?
Case Study: Hepatitis C

Acute and Chronic Hepatitis C Cases in Virginia 2013-2017 (VEDSS)
A cure and a price tag

Clinical Evidence  Expert Guidance  Provider Input  Opportunities to Lower Prices
How can Medicaid increase access to and engagement in addiction treatment?
Case Study: Opioid Epidemic

Fatal opioid overdoses vs. other drug overdose deaths*

- **Total**
- **Opioids**
- **Other drugs**

Fatalities:
- 1,500 in 2007
- 1,227 in 2017
- 307 in 2007
- 1,534 in 2017
