National Suicide Prevention Lifeline

We can all help prevent suicide. The Lifeline provides 24/7, free and confidential support for people in distress, prevention and crisis resources for you or your loved ones, and best practices for professionals.

 [1-800-273-8255](tel:1-800-273-8255)

SPECIAL ANNOUNCEMENT

Three-Digit Number for Suicide Prevention

Recently, the FCC recommended that 988 be designated as a national crisis hotline. Please continue to share 800-273-TALK (8255) and our chat page with anyone wishing to connect to the Lifeline. 988 is **NOT CURRENTLY ACTIVE** and will not connect callers to the Lifeline.

Provider Resources: Buprenorphine Waiver Training Sessions

Co-sponsored by DMAS, VDH
and the American Society of Addiction Medicine

TARGET AUDIENCE:

- This course is available for physicians, nurse practitioners, and physician assistants interested in seeking their waiver to prescribe buprenorphine in the treatment of opioid use disorders.
- This online session will deliver the required live portion of the total training hours.
- Following the training, participants who have successfully completed their course may apply to the Substance Abuse and Mental Health Services Administration (SAMHSA) to obtain their waiver.

Register in advance for this meeting:

July 29:

<https://echo.zoom.us/j/93133904411?pwd=QnJGVmpDc3lhRTRONS9HVfVsQ3J2UT09>

August 26:

<https://echo.zoom.us/j/98113548887?pwd=enhHUHNzMUIKMnIzM2UamF3OUl6dz09>

You will receive an email confirmation once you have registered. The ZOOM link and a reminder email will be sent prior to the training.

THERE IS NO CHARGE FOR THESE TRAININGS!

Provider Resources

Substance Use Warmline 9 am – 8 pm (ET), Monday – Friday

1.855.300.3595

Free and confidential clinician-to-clinician telephone advice focusing on substance use evaluation and management for primary care clinicians.

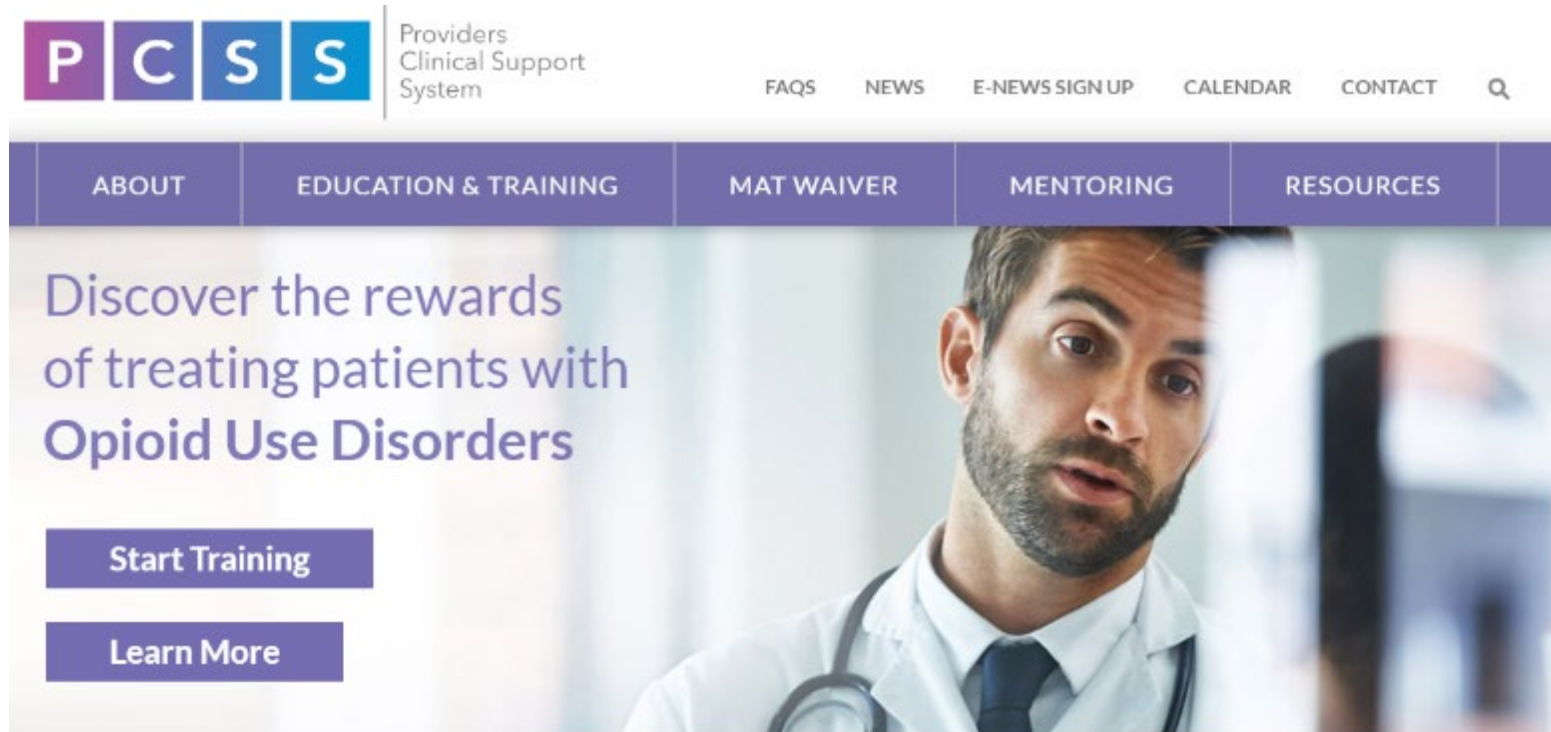

Consultants include addiction medicine-certified physicians, clinical pharmacists, and advanced practice nurses who are available to discuss options and approaches in clinical care, from the most common problems to particularly challenging and complex cases.

Learn more at <http://nccc.ucsf.edu/clinical-resources/substance-use-management/>

This project is supported by the Health Resources and Services Administration (HRSA) of the U.S. Department of Health and Human Services (HHS) under grant number U1OHA30039-01-00 (AIDS Education and Training Centers National Clinician Consultation Center) in partnership with the HRSA Bureau of Primary Health Care (BPHC) awarded to the University of California, San Francisco.

Provider Resources

The screenshot shows the top portion of the PCSS website. On the left is the logo, which consists of four colored squares (purple, blue, dark blue, light blue) containing the letters 'P', 'C', 'S', and 'S' respectively, followed by the text 'Providers Clinical Support System'. To the right of the logo is a horizontal navigation menu with links for 'FAQS', 'NEWS', 'E-NEWS SIGN UP', 'CALENDAR', 'CONTACT', and a search icon. Below this is a secondary navigation bar with tabs for 'ABOUT', 'EDUCATION & TRAINING', 'MAT WAIVER', 'MENTORING', and 'RESOURCES'. The main content area features a large banner image of a male doctor in a white coat with a stethoscope. Overlaid on the left side of the banner is the text 'Discover the rewards of treating patients with Opioid Use Disorders'. Below this text are two purple buttons: 'Start Training' and 'Learn More'.

While PCSS provides trainings on a broad range of substance use disorder treatments, its primary focus is on treatment of opioid use disorders (OUD). Opioids include a class of drugs often prescribed for pain—morphine, fentanyl, oxycodone, and hydrocodone—as well as illicit drugs, such as heroin. The Federal Drug Administration (FDA) has approved three medications for the treatment of OUD: methadone, buprenorphine, and naltrexone.
