II. SYNOPSIS

Basis and Authority: The Code of Virginia (1950) as amended, § 32.1-325, grants to the Board of Medical Assistance Services the authority to administer and amend the Plan for Medical Assistance. The Code of Virginia (1950) as amended, § 32.1-324, authorizes the Director of the Department of Medical Assistance Services (DMAS) to administer and amend the Plan for Medical Assistance according to the Board's requirements.

These changes are required by the 2020 Appropriations Act, Item 313.III(2).

Purpose: DMAS is requesting changes to the Methods and Standards for Establishing Payment Rates — Inpatient Services section. Substance and Analysis: These new hospital supplemental payments, for freestanding children's hospitals, shall equal what would have been paid to the freestanding children's hospitals under the current disproportionate share hospital (DSH) formula without regard to the uncompensated care cost limit. These additional hospital supplemental payments shall take precedence over supplemental payments for private acute care hospitals. If the federal regulation is voided, DMAS shall continue DSH payments to the impacted hospitals and adjust the additional hospital supplemental payments authorized in this paragraph accordingly.
