September 1, 2021

Dear Parent/Caregiver:

Your school division can submit claims to the Medicaid agency for some services covered by Medicaid and FAMIS. In this way, Virginia Medicaid helps schools pay for part of the cost of these services for students. In order to participate, your school must share information with Medicaid about your child. Your child's school needs your consent to share this information with Medicaid.

You have the right to choose whether or not the school may share this information. Giving consent to a school division does not impact the services your child will receive outside of the school division.

We hope you agree to share this information so your school gets the funds it needs to serve your child and other children. If you have questions, please call Rebecca Anderson with Virginia Medicaid at 804-625-3662 or email her at medicaidschoolservices@dmas.virginia.gov. We are here for you, your family and your school.

In Health,

A handwritten signature in blue ink that reads "Karen Kimsey".

Karen Kimsey, Director
