

# CHIPAC Quarterly Dashboard

The CHIP Advisory Committee's mission is to advise the Director of DMAS and the Secretary of Health and Human Resources on ways to optimize the efficiency and effectiveness of DMAS' programs that address the health needs of children.

## CHILDREN'S PREVENTIVE HEALTH\*

| Combination 3 Rate                | 70.68%   | 74.45%   | 71.73%  | 66.08%  |

1. Reflects Virginia MCO FAMIS and Medicaid HEDIS® averages based on CY 2017.
2. Reflects Virginia MCO FAMIS and Medicaid HEDIS® averages based on CY 2018.

NOTE: The 2018 state fiscal year saw a number of major changes and innovations to the Virginia Medicaid and CHIP programs, particularly with regard to managed care. The magnitude of changes to Virginia's Medicaid and FAMIS managed care program necessitates a break in trending for all reported measures from previous years. The impacted rates are highlighted in gray in the table above.

## CHILDREN'S ORAL HEALTH

|   | All ages       | Age <1    | Ages 1-2      | Ages 3-5      | Ages 6-9      | Ages 10-14     | Ages 15-18    | Ages 19-20   |
|---|----------------|-----------|---------------|---------------|---------------|----------------|---------------|--------------|
| Total Eligible Children <sup>1</sup>              | 696,476        | 30,687    | 83,264        | 112,643       | 146,191       | 172,626        | 112,396       | 38,669       |

## PREGNANCY, PRENATAL CARE, AND BIRTH OUTCOMES\*

|  |                                   |   |                                 |
|--|-----------------------------------|---|---------------------------------|
| Births with Early and Adequate Prenatal Care <sup>1</sup>              | Healthy People 2020 Goal<br>77.6% | 2018 Birth Outcomes Study Pop.<br>72.3%       | 2018 DMAS Managed Care<br>73.2% |
| Infants born at less than 37 completed weeks of gestation <sup>2</sup> | 2018 CDC/MCHS/NVSS<br>8.2%        | 2018 Study Population in Managed Care<br>9.1% |                                 |

1. DMAS 2018-19 Birth Outcomes Focused Study. The Healthy People goal is a nationwide 2020 target for the percentage of births receiving prenatal care in the first trimester (used as a benchmark in the Birth Outcomes Study). The definition of "Births with Early and Adequate Prenatal Care" for the Birth Outcomes Study population (FAMIS MOMS and Medicaid for Pregnant Women) is based on the Kotelchuck Index. The Managed Care score refers to FAMIS MOMS and Medicaid for Pregnant Women members enrolled in managed care in CY 2018, as reported in the Birth Outcomes Study.
2. Benchmark is from National Vital Statistics Reports, Vol. 68, No. 13, November 27, 2019. DMAS data is from 2018-19 Birth Outcomes Focused Study.

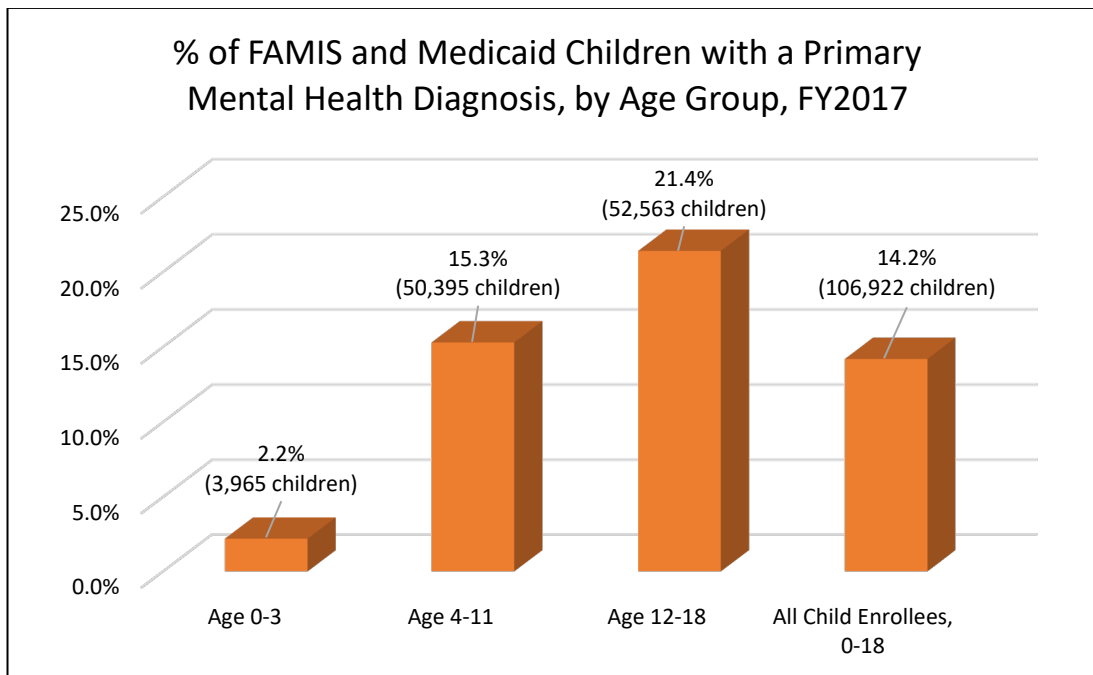

## DENTAL BENEFITS FOR PREGNANT WOMEN, ACTIVITY AND OUTCOMES\*

| State Fiscal Year | Total # of Pregnant Enrollees Receiving Dental Services | Total Dollars Paid for Claims |
|-------------------|---|-------------------------------|
| 2015 <sup>1</sup> | 2,320   | \$0.54 million                |
| 2016              | 6,550   | \$4.12 million                |
| 2017              | 7,234   | \$5.78 million                |
| 2018              | 7,366   | \$6.68 million                |
| 2019              | 6,900   | \$5.56 million                |
| 2020 <sup>2</sup> | 5,698   | \$4.19 million                |

1. Benefits began March 1, 2015

2. As of June 30, 2020. Note that figures for 2020 will be updated next quarter to account for claims lag.

## CHILDREN'S MENTAL HEALTH

**NOTE:** Denominator for percentages is all FAMIS and Medicaid child enrollees in the respective age group. For purposes of this chart, mental health diagnoses do not include substance use disorders, intellectual disabilities, and developmental disabilities.
