# SECTION M2010.100: EXTRA HELP GENERAL INFORMATION

Last Section Revision Date: April 2024

## A. Introduction

---

The Medicare Prescription Drug, Improvement, and Modernization Act (MMA) of 2003 (Public Law 108-173) amended Title XVIII of the Social Security Act by establishing Medicare Part D, the Voluntary Prescription Drug Benefit Program for individuals who are entitled to Medicare Part A and/or enrolled in Medicare Part B.

## B. Medicaid and Medicare Part D Prescription Drug Coverage

---

For the purposes of Medicare Part D, individuals who are eligible for both Medicare and Medicaid benefits are considered dually eligible. Effective January 1, 2006, Medicaid does not provide prescription drug coverage for dually eligible individuals. These individuals receive their prescription drug coverage through Medicare Part D. Medicaid will only cover prescription medication that cannot be covered by Medicare under the MMA, including some controlled medications.

Medicare beneficiaries who are not eligible for Medicaid and who choose to participate in Medicare Part D are subject to cost-sharing obligations, including monthly premiums, deductibles, and copayments.

## C. Extra Help Low Income Subsidy

---

Extra Help is the subsidy provided under Medicare Part D that reduces out-of-pocket expenses for Medicare Part D enrollees who, based on their income and resources, are determined to be low-income. Extra Help is the public name for the subsidy program; the Social Security Administration (SSA) generally refers to the subsidy as Low-Income Subsidy (LIS) in its contacts with state Medicaid programs. *As of January 1, 2024, there is only one level of the LIS – the full subsidy.* The individual's income and resources determine *eligibility* for the subsidy.

### 1. Dually Eligible Individuals Have Full LIS – No Premiums, Deductibles or Copays

Dually eligible individuals are automatically eligible for the full LIS and are enrolled using data matches from the Department of Medical Assistance Services (DMAS) and the Centers for Medicare and Medicaid Services (CMS). Under the full LIS, dually eligible individuals have no Medicare Part D premiums, deductibles, or threshold costs. All dually eligible individuals except those in nursing facilities have copayments ranging from \$1 to \$5 per prescription.

### 2. Non-Dually Eligible Individuals

Medicare beneficiaries who are not eligible for Medicaid must apply for the subsidy and be determined eligible in order to receive assistance with their Medicare Part D

cost-sharing obligations. More information about the benefits available under the LIS for non-dually eligible individuals is available on-line at [Apply for Medicare Part D Extra Help program | SSA](#).

## **D. LIS Medicaid Applications**

---

Effective January 1, 2011, all applications for the Extra Help LIS made to SSA are also considered applications for Medicaid. The SSA transmits data on all LIS applicants residing in Virginia to the Virginia Department of Social Services. A pre-populated Application for Adult Medical Assistance is generated by the Medicaid LIS system for individuals who are not currently enrolled in Medicaid and transmitted to the appropriate local agency. See M0120.300 B.10 for additional information about LIS Medicaid applications.

## **E. Extra Help LIS Eligibility for Non Dual Eligibles**

---

Individuals who are not dually eligible and *not* automatically eligible for the LIS may be eligible for the LIS if all of the following are met:

- The individual is a resident of the United States.
- The individual is entitled to Medicare Part A and/or enrolled in Medicare Part B.
- The individual and spouse, if married and living together, have countable income less than 150% of the federal poverty level (FPL) for his assistance unit size.
- The individual, and spouse if married, have countable resources within the limits for the LIS.
- The individual resides in the service area of a Part D prescription drug plan (service area does not include facilities in which individuals are incarcerated but otherwise covers the 50 States, District of Columbia, and U.S. Territories).

## **F. LDSS Responsibilities**

---

The MMA mandates that eligibility for the Extra Help LIS can be determined by both the Social Security Administration (SSA) and the states. The local department of social services (LDSS) may also assist an individual with applying for Extra Help from the SSA in several ways, such as helping complete and/or submit the subsidy application directly to SSA, referrals to the SSA toll-free helpline, and helping to complete the on-line SSA application form. When the LDSS assists the individual with the application but does not determine eligibility, the LDSS does not have responsibility for the case.

### **1. Individual Requests LDSS Determine LIS Eligibility**

If an individual requests that the LDSS determine his eligibility for Extra Help, inform the individual that, when the Social Security Administration determines eligibility for Extra Help, the SSA is able to verify most income and resources **without** requesting

documentation from the individual. Indicate that assistance with completing the application for the Extra Help LIS can also be provided by the SSA.

## **2. LDSS Responsibility for LIS Applications**

LDSS must determine eligibility for the LIS only in situations where an individual specifically requests that the agency do so. If such a request is made, the LDSS must comply with the request and must:

- determine eligibility,
- enroll the recipient if eligible,
- provide notice,
- participate in appeals,
- comply with reporting requirements, and
- provide ongoing case maintenance, including notices, appeals, and redeterminations, unless the applicant is later found to be deemed eligible for Extra Help or has been found eligible by SSA.

If the LDSS is required to determine an individual's eligibility for the LIS, contact a regional Medical Assistance Program Consultant for additional instructions.
